

ARC

by Piet Boon

Geometric shapes

Following clean lines and geometric shapes, our ARC collection by Piet Boon is defined by its no-nonsense appeal. The unique silhouette arose by dividing a cylinder volume exactly in half, which gives the ARC its characteristic flat side and a side characterized by an arc, after which the ARC is named.

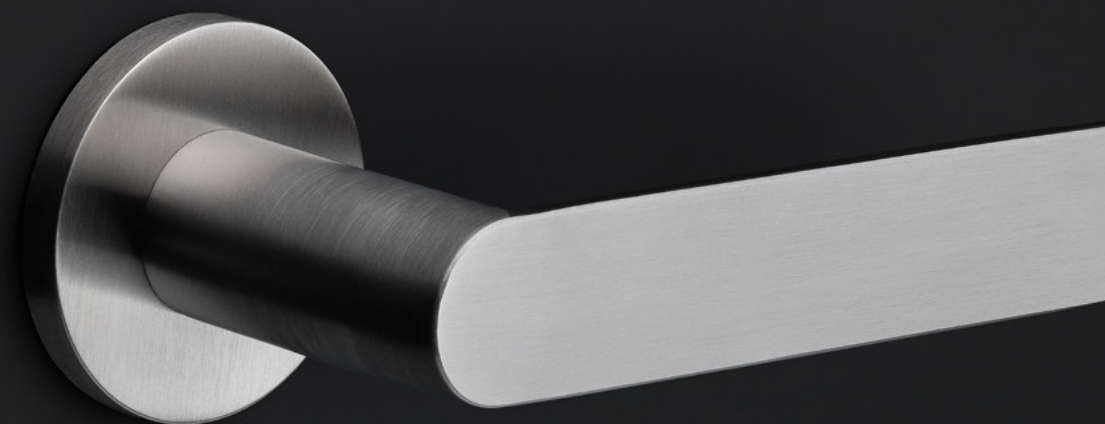

Geleid door strakke lijnen en geometrische vormen, wordt onze ARC collectie by Piet Boon gedefinieerd door zijn no-nonsense uitstraling. Het unieke silhouet is ontstaan door een cilindervolume exact door de helft te delen. Dit geeft de ARC zijn kenmerkende vlakke zijde en een zijde die wordt gekenmerkt door een boog, waaraan de ARC zijn naam dankt.

In detail

Nuance across the finish palette

Finishes are rarely applied on their own. Only within a broader palette do nuance and relationship become apparent. Finishing techniques such as PVD and powder coating each bring their own tactile and visual character, expressed through neutral metallic tones, deep black nuances and warmer shades.

The finish palette is developed as a cohesive whole, with each tone naturally relating to the next. This creates refined gradations that allow hardware and finishes to be specified with precision, aligned to material and context without compromising the consistency of the overall design.

Afwerkingen worden zelden los toegepast. Pas binnen een breder palet ontstaat inzicht in nuance en onderlinge verhouding. Afwerkingstechnieken zoals PVD en poedercoating brengen elk hun eigen tactiliteit en uitstraling, met een spectrum dat loopt van neutrale metaaltinten en diepe zwartnuances tot warmere tonen.

Ons finishpalet is opgebouwd als een samenhangend geheel, waarin elke tint logisch aansluit op de volgende. Zo ontstaan verfijnde gradaties die het mogelijk maken beslag en afwerking nauwkeurig af te stemmen op materiaal en context, zonder de consistentie van het ontwerp te doorbreken.

Maastricht, The Netherlands

A quiet expression of contemporary heritage.

ARC reference: Van Oys, Maastricht Retreat

Interior design: VERBRAEKEN x BISET architects

Photography: Michael Huber Photography, Tijmen Ballieux

Product: ARC PBA101 PVD satin black and in combination with PBAWC53 PVD satin black (last page – right)

Set within the historic setting of Van Oys Maastricht Retreat, the interior brings together restored heritage and contemporary refinement. The considered use of materials such as dark timber and natural stone creates a calm, balanced environment in which architecture and detailing are carefully aligned.

For this project, door hardware from the ARC by Piet Boon collection was selected. The collection's clear lines and quiet presence resonate with the interior's darker material accents, subtly supporting the spatial rhythm while remaining an integral part of the architectural whole.

Gelegen binnen de historische context van Van Oys Maastricht Retreat brengt het interieur hersteld erfgoed en hedendaagse verfijning samen. De weloverwogen toepassing van materialen zoals donker hout en natuursteen resulteert in een rustige, evenwichtige omgeving waarin architectuur en detaillering zorgvuldig op elkaar zijn afgestemd.

Voor dit project is gekozen voor deurbeslag uit de ARC by Piet Boon-collectie. De heldere lijnen en rustige uitstraling sluiten aan bij de donkerdere materiaaltinten in het interieur en ondersteunen het ruimtelijke ritme, als vanzelfsprekend onderdeel van de architectuur.
